

Andy Bowers

Andy lives in Gosport with his family and has interests in sports, travel and all things to do with the local area, especially its history and architecture. Having recently retired after 33 years in Hampshire Fire & Rescue Service Andy now undertakes voluntary youth work, lectures at Portsmouth University and runs a small business. The paid and volunteer staff at Citizens Advice do a fantastic job in helping Gosport people in need and so the chance to be a Trustee, and to support their great work was a great opportunity. As a lifelong Gosport resident Andy knows the area and the people well, and wants to be able to help make a difference to people's lives, when they need it most.
