

Heather Blades – Short Biography

After several years working as a Social Worker in East London, I trained as a teacher spending several years in Further Education before re-training for Primary Education. I then worked for over 20 years in local Gosport Schools, both as a class teacher and Assistant Head.

Since retirement I have been involved with a variety of voluntary projects all of which I have enjoyed. When the opportunity arose for me to join CAG as a Trustee I was pleased to offer my help in continuing to give support to the people of Gosport, using my knowledge and understanding of the area.
